

Leveraging the 50+ years of combined experience of the two founding partners in commercial construction and real estate development, Matador Project Solutions provides expert guidance and owner representation for clients looking to develop or redevelop commercial real estate. From initial site evaluation through design, permitting, construction and occupancy we provide the expertise to keep the project on track and on budget while allowing the client the opportunity to be involved in the process to whatever level they so desire.

Representative Clients

**Rusty Burnett**  
Partner

In Rusty's 16 years of operating the Austin office of Raymond Construction as Senior Vice President and a principal, he was responsible for the overall performance of all design-build and construction projects in the Central Texas region, including business development, conceptual and detailed estimating, critical path scheduling, contract negotiation, design team coordination, construction management, conflict resolution, personnel training and client satisfaction.

**Aaron Webb**  
Partner

Aaron's career spans 25+ years with experience in all facets of commercial construction including executive level operations, owner's representation successfully developed, consulted, estimated, procured, managed and completed projects on time and within budget constraints. Aaron has a strong ability to interpret client's needs and guide customers, clients, consultants and contractors through the implementation process.
